Important Notice from Revalize, Inc. About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Revalize, Inc. and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are three important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Revalize, Inc. has determined that the prescription drug coverage offered by the Cigna SimplePlan is, on average for all plan participants, NOT expected to pay out as much as standard Medicare prescription drug coverage pays. Therefore, your coverage is considered Non-Creditable Coverage. This is important because, most likely, you will get more help with your drug costs if you join a Medicare drug plan, than if you only have prescription drug coverage from the Revalize, Inc. Cigna SimplePlan. This also is important because it may mean that you may pay a higher premium (a penalty) if you do not join a Medicare drug plan when you first become eligible.
3. You can keep your current coverage from Revalize, Inc. However, because your coverage is non-creditable, you have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you join a drug plan. When you make your decision, you should compare your current coverage, including what drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area. Read this notice carefully—it explains your options.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you decide to drop your current coverage with Revalize, Inc. since it is employer sponsored group coverage, you will be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan; however you also may pay a higher premium (a penalty) because you did not have creditable coverage under Revalize, Inc. Cigna Simple Plan.

Since you are losing creditable prescription drug coverage under the Revalize, Inc. SimplePlan you are also eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

Since the coverage under Revalize, Inc. is not creditable, depending on how long you go without creditable prescription drug coverage you may pay a penalty to join a Medicare drug plan. Starting with

the end of the last month that you were first eligible to join a Medicare drug plan but didn't join, if you go 63 continuous days or longer without prescription drug coverage that's creditable, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your Revalize, Inc. coverage may not be affected. See below for more information about what happens to your current coverage if you join a Medicare drug plan.

If you do decide to join a Medicare drug plan and drop your Revalize, Inc. prescription drug coverage, be aware that you and your dependents can only get this coverage back at open enrollment or if you experience an event that gives rise to a HIPAA Special Enrollment Right.

Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Therefore, the following in-network deductibles and coinsurance apply: \$0 individual/family deductible and 100% coinsurance. If you would like more information on WHCRA benefits, call your plan administrator (617) 245-9227.

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). If you would like more information on maternity benefits, call your plan administrator at (617) 245-9227.

HIPAA Notice of Special Enrollment Rights

If you decline enrollment in Revalize, Inc. health plan for you or your dependents (including your spouse) because of other health insurance or group health plan coverage, you or your dependents may be able to enroll in Revalize, Inc. health plan without waiting for the next open enrollment period if you:

- Lose other health insurance or group health plan coverage. You must request enrollment within 31 days after the loss of other coverage.
- Gain a new dependent as a result of marriage, birth, adoption, or placement for adoption. You must request health plan enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.
- Lose Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible. You must request medical plan enrollment within 60 days after the loss of such coverage.

If you request a change due to a special enrollment event within the 31-day timeframe, coverage will be effective the date of birth, adoption or placement for adoption. For all other events, coverage will be effective the first of the month following your request for enrollment. In addition, you may enroll in Revalize, Inc. health plan if you become eligible for a state premium assistance program under Medicaid or CHIP. You must request enrollment within 60 days after you gain eligibility for medical plan coverage.

If you request this change, coverage will be effective the first of the month following your request for enrollment. Specific restrictions may apply, depending on federal and state law.

Note: If your dependent becomes eligible for a special enrollment right, you may add the dependent to your current coverage or change to another health plan.

Availability of Privacy Practices Notice

We maintain the HIPAA Notice of Privacy Practices for Revalize, Inc. describing how health information about you may be used and disclosed. You may obtain a copy of the Notice of Privacy Practices by contacting Kimberly Cassidy, (617) 245-9227.

Michelle's Law

The Revalize, Inc. plan may extend medical coverage for dependent children if they lose eligibility for coverage because of a medically necessary leave of absence from school. Coverage may continue for up to a year, unless your child's eligibility would end earlier for another reason.

Extended coverage is available if a child's leave of absence from school—or change in school enrollment status (for example, switching from full-time to part-time status)—starts while the child has a serious illness or injury, is medically necessary and otherwise causes eligibility for student coverage under the plan to end. Written certification from the child's physician stating that the child suffers from a serious illness or injury and the leave of absence is medically necessary may be required.

If your child will lose eligibility for coverage because of a medically necessary leave of absence from school and you want his or her coverage to be extended, Kimberly Cassidy, Human Resources in writing as soon as the need for the leave is recognized. In addition, contact your child's health plan to see if any state laws requiring extended coverage may apply to his or her benefits.

Premium Assistance under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2025. Contact your State for more information on eligibility—

The ‘No Surprises’ Rules

The “No Surprises” rules protect you from surprise medical bills in situations where you can’t easily choose a provider who’s in your health plan network. This is especially common in an emergency situation, when you may get care from out-of-network providers. Out-of-network providers or emergency facilities may ask you to sign a notice and consent form before providing certain services after you’re no longer in need of emergency care. These are called “post-stabilization services.” You shouldn’t get this notice and consent form if you’re getting emergency services other than post-stabilization services. You may also be asked to sign a notice and consent form if you schedule certain non-emergency services with an out-of-network provider at an in-network hospital or ambulatory surgical center.

The notice and consent form informs you about your protections from unexpected medical bills, gives you the option to give up those protections and pay more for out-of-network care, and provides an estimate of what your out-of-network care might cost. You aren’t required to sign the form and shouldn’t sign the form if you didn’t have a choice of health care provider or facility before scheduling care. If you don’t sign, you may have to reschedule your care with a provider or facility in your health plan’s network.

This applies to you if you’re a participant, beneficiary, enrollee, or covered individual in a group health plan or group or individual health insurance coverage, including a Federal Employees Health Benefits (FEHB) plan.
